

## How to Call Your Friends with Their Own Number

How to Call Your Friends from Their Own Cell Number (Mobile hack to call your friends)

1. Go to <http://www.mobivox.com> and register there for free account.
2. During registration, remember to insert Victim mobile number in Phone number field as shown below.
3. Complete registration and confirm your email id and then login to your account.
4. Click on Direct web Call
5. Enter a number box; select your country and also any mobile number (you can enter yours). Now, simply hit on Call Now button to call your friend with his own number. That's it. Your friend will be shocked to see his own number calling him.
